From the
Master

Every year at Massey College has its own distinct imprint. And the year captured here by Joseph Berkovits and his colleagues was full of the creative energy that makes this place so special to all of us. I think of the crowded lecture series given by what must have been a record number of Junior Fellows, the Chapel discussions of many of the various faiths and cultures represented within the College, Elizabethan Night, the Sunday video series, new sports and variations on old ones, to name only a few co-operative events that gave 1992-3 its own flavour.

And what a wonderful idea to produce a Yearbook to commemorate it! I will treasure it, as I know you will too -- for it is you who make this remarkable experiment of a community possible. It has been a great pleasure being part of it.

Ann Saddlemeyer

From the Don of Hall

Fellow Fellows,

Greetings and goodbye as Don of Hall 1992-3. It has been an honour to serve you all in what has been, at times, a difficult and demanding, but nevertheless extremely rewarding, position. Each of you has played a part in making this a happy and memorable year; my gratitude is profound and lasting. That the good times of 1992-3 will be forever at our fingertips, we owe a debt of thanks to Joseph Berkovits, editor of the first ever Massey College Yearbook. Well done Joseph! I look forward to perusing my copy in old age!

Janice DuMont,

From the Chair of the Lionel Massey Fund Committee

The purpose of the Lionel Massey Fund Committee, as expressed in the Massey College Constitution, is to "organize and promote social, cultural, intellectual and other activities that will enrich the life of the college." Our committee, which consisted of Junior Fellows Joseph Berkovits, Vinay Chaudhri, Sean DiGiovanna, Sharon Leiba, Kelley McKinley, Senior Fellows David James and Christopher Barnes, and Alumni Representatives Syed Abbas and Linda Schofield, certainly accomplished our objective, for we sponsored and supported many kinds of both academic and non-academic events.

The year was kicked off with a trip to the Shaw Festival at Niagara-on-the-Lake to see George Bernard Shaw's Pygmalion, which was enjoyed by all. Thanks to the purchase of a VCR by the 1991-1992 L.M.F. Committee, the Massey community enjoyed a host of video nights during the year which were sponsored by the L.M.F., from an Alfred Hitchcock double feature to a thirteen-hour Blackadder marathon to an Inspector Clouseau-Pink Panther double-bill, where everything was pink-- including the popcorn!

The L.M.F. also planned different kinds of parties during the year. Our Halloween party, complete with pumpkin-carving and costume contests, was a great success. We also held the first of our "Hibernation Parties," where Alumni, Junior and Senior Fellows, Senior Residents and their guests were invited to spend a quiet evening in the Junior Common Room listening to music, socializing, and playing board games.

Vinay Chaudhri and his "Culture Vultures" took in various concerts and operas during the term, and they ended the year by attending the opera "Tosca." We also had a Japanese cultural evening, which involved a Japanese language table at dinner, sushi for all, and a Japanese video night.

We also sponsored more academic events, such as the Junior and Senior Lecture Series, ably run by Steve Powell and Wanda Taylor and Tan-Jan Ho, respectively. We held a Massey Referendum on the Charlottetown Constitutional Accord which, unlike the real one, produced a narrow "Yes" victory, as well as a U.S. Presidential vote, which more accurately paralleled Bill Clinton's success.

In short, we had a very busy year and I hope all of you took advantage of all the various activities the L.M.F. had to offer.

Laura Hunt,
Chair of the Lionel Massey Fund Committee

L.M.F. Chair Laura Hunt shares a laugh with
Massey Bull editor Jeff McNairn

A Brief and Arbitrary History of Massey College by Neil Patrick Kennedy

How does one go about trying to find out about the history of Massey College? I have ransacked a number of different sources: a previous incarnation of the Massey Bull; the papers of previous Dons, passed on to me by Janice Dumont, Don of Hall in 1992-3; the 1972 edition of the Encyclopedia Canadiana; Mel Hurtig's Canadian Encyclopedia; Who's Who in Canada; The Canadian Who's Who; and the Canadian Annual Review for 1963. Having found a welter of information about different people associated with the college over the years, how does one go about trying to improve on that information? A number of possibilities present themselves. One could play a sort of shell game: which Massey is which? One could offer a serious consideration of the personalities involved in the

history of the college: Massey is, after all, more a community than a building. One could imitate a pater song from a Gilbert and Sullivan operetta, and rattle off, as rapidly as humanly possible, an all-but-endless list of the achievements of various members of the Massey family- particularly of Vincent- of Robertson Davies, the founding Master, and of a great many other people associated with the college over the last thirty years. One could offer a parody of one of the less impressive characteristics of the Old Testament. One could dabble in imitation Victorian melodrama. I have decided to adopt all these approaches.

Massey College opened its gates in 1963, but the history of the College begins a little before that date- 330 years before. In 1630, Geoffrey Massey landed at Salem, "to become one of the founders of the Massachusetts Bay Colony," (according to the Encyclopedia Canadiana). This is the point at which I am forced to begin parodying the Old Testament. Geoffrey begat a son who begat a son who... begat Daniel (1798-1856) who begat Hart Almerin (1823-1896) who begat Walter Edward Hart (1858-1901) and Chester Daniel (1830-1928) who begat (Charles) Vincent (1887-1967) and Raymond Hart (1896-1983). This is a very limited sampling of Masseys,- an unwary or overly innocent person could easily get lost in the crowd of them, and be left dazedly asking, "Which Massey is which?" What is most important to bear in mind about the early years of the family is what follows: Daniel Massey left the United States for Canada in 1802, and founded a machine manufactory in the middle of the century: Hart Almerin Massey was an aggressive entrepreneur, something of a buccaneer in his business practices, who by the 1890's had turned Massey Mfg. Co. into the largest concern of its kind in the British Empire; he was also a committed Methodist, and felt a strong need to reconcile his wealth with his faith. This need was the genesis of the Massey tradition of public benefaction, some of whose early fruits include a mission for the destitute, Massey Hall and Hart House at the University of Toronto.

You have already read what is most important about the Massey Family, but I feel obliged to provide a little more information about two of the most illustrious of the Masseys, Vincent and his brother Raymond. The wealth of one generation of Masseys was combined with great diligence to create greater wealth and greater opportunities for diligence in the next generation. This pattern was repeated over several generations. It was not, however, a pattern that Raymond wished to repeat. He did want to do something that his age and class thought inappropriate for a gentleman, perhaps even shameful. This is the point at which we find ourselves plunged into melodrama, in more than one sense. Raymond Massey wished to go on the stage. Yes- the stage. He in fact had a long and illustrious career as an actor, on the stage (as an extremely distinguished Shakespearean actor), on the silver screen (as, for instance, Lincoln in Abe Lincoln in Illinois (1939)), and on television (as, for instance, Dr. Gillespie in Dr. Kildare in the 50s and 60s).

One could create a formidably lengthy patter song out of all the honours and achievements of Raymond's older brother, Vincent. I will limit myself to three. In 1949 he was appointed chairman of the Royal Commission on National Development in the

Neil Kennedy as
Lord Chamberlain
and Celeste Saqui
as Ophelia at
Elizabethan Night

Arts, Letters and Sciences; the report written by the Commission was submitted in 1951; one of its consequences was the establishment of the Canada Council in 1952. That same year he became a physical emblem of Canada's gradual evolution towards independence as a nation: he became the first Canadian-born Governor General (and served in that capacity until 1959). In 1959 he entered a retirement that was very active indeed, including among other public benefactions, the creation of Massey College.

The accomplishments of Vincent Massey could have made one formidable patter song. A number of other people associated with the College could provide a dizzyingly intricate chorus of patter songs of their quite formidable achievements. Where would one begin? Whom would one cover? Where would one end? What should be said, for instance, about the achievements of the Founding Master, Robertson Davies, someone involved not only in the creation of Massey College, but also of the Stratford Festival, and academic, a critic, a playwright and one of the finest novelists in English of our age? What should be said of former junior fellows who have gone on to be both academics and creators of institutions themselves- people like John Leyerle and Ian Lancashire, who both teach in the English Department at the University of Toronto, and who shared in the early days of Pocoli Ludique Societies (PLS), responsible for staging Medieval and Renaissance plays, pageants and sundry other spectacles? What should one say about John Polanyi or about the current Master, busy at work on her new book? In trying to think of which persons and accomplishments to single out for mention, we have arrived at a confusingly large-scale version of a shell game- and yet, the persons and achievements mentioned represent only a fraction of the possibilities that the history of Massey holds out.

The ancient Romans, when they held a triumph celebrating the victories of a hero, worried about over-inflating the vanity of the victor. To prevent this unfortunate side-effect, a slave would crouch in the chariot of the victor, whispering to him reminders of his mortality. I now wish to perform the function of that slave, by reminding the College of one of the less proud moments of its history. The College officially opened its gates on 4 October, 1963. The Act of Incorporation restricted junior fellowship to "male students of the School of Graduate Studies; women are allowed into the Hall as guests during the Sunday buffet supper only." (Massey Bull, October, 1974). Between 1964 and 1969 the rules concerning women guests were gradually liberalized. In 1970-71 the House Committee discussed the possibility of female Junior Fellows- with no results. In 1971-72 various attempts were made to extend Junior Fellow status or elements of Junior Fellow status to Southam Fellows Marion Bruce and Betty Lee. Debate over the issue became increasingly acrimonious. In May 1973, the "College Corporation votes unanimously to accept women as junior and senior fellows for the 1974-75 year, and thereafter." (Massey Bull, October 1974).

The passing years have done much to scrub this particular blot from Massey's escutcheon. The high water mark was perhaps the 1992-3 year, when the Master, the College Secretary, the Assistant to the Secretary, the Bursar, the Assistant to the Bursar, the College Librarian, the Don of Hall, the Chair of the Lionel Massey Fund Committee, all but one member of the House Committee and a goodly number of Junior Fellows were women. The lone male left in a position of any authority was the writer of this essay, as the one man on the House Committee. The brightest element of Massey's history, however, has yet to be mentioned: the history that will be forged by the present and future generations of Massey fellows.

Massey College
during ancient
Egyptian times

From the Editor

The best part of being editor of the Massey College Yearbook was being able to work with so many enthusiastic and dedicated people. In fact, there was scarcely anyone from the Massey community who hasn't contributed to the production of this project in some way. Well over seventy percent of our junior fellows and senior residents filled out the biographical questionnaires that are the centerpiece of this book. In addition, all of the photos were submitted to us by junior and senior fellows. In fact, no request for help was ever turned down by anyone at the college, at any level.

Three people who particularly deserve credit are the members of the Yearbook committee: Catherine Ashby, Steven Baljkas and Vicky Low. Among the many tasks they performed, Steve, for example, never gave up collecting biographies and Vicky and Catherine spent months tracking down and borrowing hundreds of candid photos from scores of sources. In addition, Piotr Zembrowski, the college's unofficial photographer, consistently came to our rescue whenever needed.

Master Ann Saddlemyer was behind the undertaking from the start, giving both moral and financial support, as have 1992-3 L.M.F. Committee Chair Laura Hunt and 1993-4 L.M.F. Chair Sean DiGiovanna. I also want to thank Don of Hall Janice DuMont for her constant encouragement.

Any omissions, typos or errors were inadvertent and I apologize in advance for them. Also, due to space considerations, the biographies are not quite in alphabetical order; I hope, however, that this will encourage browsing.

I hope that this Yearbook will become a useful memento of our all-too-brief time here at Massey College, but even more importantly, I also hope it will help remind us, in the coming years, to keep in touch with each other!

Best wishes and thanks,

Joseph

Constitutional Limerick

or

The Best Way To Grapple With Canada's Constitutional Dilemma

For our big Constitutional hassle,
There appears no solution that's facile.
Meetings cannot decide
How our powers divide,
So perhaps all our leaders should wrastle.

Since the talks show no sign of cessation,
Politicians are prone to frustration;
So a wrestling ring
Is precisely the thing
To determine the fate of the nation.

A series of wrestling duels
Could decide Constitutional rules.
Those of us who now hate
All this boring debate
Need no longer feel like such fools.

If Don Getty should lose to Bob Rae,
Then the "Triple E" Senate's passé.
And if Getty should fall
In his second round brawl,
Then he has to speak French for a day.

But if it's Bob Rae who has lost,
Then the new social charter gets tossed.
If he's lost back-to-back,
We could get him a plaque
With "I love Sunday shopping" embossed.

If Bourassa should lose his first fall,
Then Quebec's not distinctive at all.
If he drops two of three
To his foe from B.C.,
Then he has to concede Montreal.

If the winner's Clyde Wells, Newfoundlander,
Then our capital must move to Gander.
Even there, you can bet
Our political set
Will continue to raise people's dander.

If the natives win three of four fights,
Then we'll grant aboriginal rights.
But if they lose three,
We will force them to see
Jean Chrétien wearing wrestling tights.

If Mulroney's concerned with the Charter,
He'll find wrestling's much better than barter.
His opponents he'll fling
Right outside of the ring,
If he can't prove that his plan is smarter.

So to end all our circumlocution,
We must turn to the wrestling solution.
We don't need a new slogan,
Just send us Hulk Hogan,
And we'll soon have a new Constitution.

-- Rob Prince

Winners of the Annual Massey College Limerick Contest

First Prize:

A musical chap at the Gaudy,
Sang tunes both suggestive and bawdy.
When they ended a song
With a strike of the gong,
He shrugged, "So I'm not Pavarotti."

-Martha Jo McGinnis

Massey's Clown Prince of the Limerick: He's won so many contests that this year Rob Prince was a judge instead. Joining him at Massey's Halloween Party is Senior Resident Prof. Zhi Zhang and Alexis Campbell.

BEFORE:

THE SINCEREST FORM OF
FLATTERY

Second Prize:

IN MEMORIAM

This poem is in praise of the beard,
But if you think of Neil Kennedy's,
you're weird.
His wasn't so great,
It grew shaggy of late.
We're so glad it has now disappeared.

-Joseph Berkovits

Third Prize:

At Massey a bold Junior Fellow,
Inadvisedly started to bellow.
His confreres in college,
Said, "In future great knowledge
Will render his larynx more mellow."

-Mary Rogers

Left to Right: Micheline Counoyer, Catherine Ashby, David Brattan, Gerald Heckman, Al Alonso, Vicki Low, Professor David Gunby and Sabina Watts. Also note some celebrity pumpkins.

Catherine Ashby entertains an old friend at the Christmas Ball

Senior Residents Prof. David Gunby and Dr. David Carnegie maintain close ties with each other.

Emilia Angelova

EMILIA ANGELOVA

Program: Ph.D. Philosophy **Birthday:** May 28, 1962 **Previous Place of Study:** Sofia University, Bulgaria **Place of Birth:** Bulgaria, The City of Lovetch **Permanent Address:** 5500 Lovetch, Komplex Zdravetz, Bl. 204, "6," ap. 21, Bulgaria **Field & Research Topic:** "German Idealism, Kant's Third Critique" **What I wanted to be when I grew up:** Musician **What I want to be now:** A free personality **First Impression of Massey College:** A place of outstanding communal architecture **Favourite Masseyism:** How is your work going? **Favourite Massey Meal:** Lunch bag with egg salad **Most cherished moment:** Winter night by the fire place **What I will miss most about Massey when I leave:** The opportunity of studying hard and being part of the community at the same time **Where I will be ten years from now:** How can I know that? **If I could step into a time machine, I would visit:** Bulgaria of Tzar Simeon IX- Xth Century A.D. **Last words:** Take care!

LISA BACKA

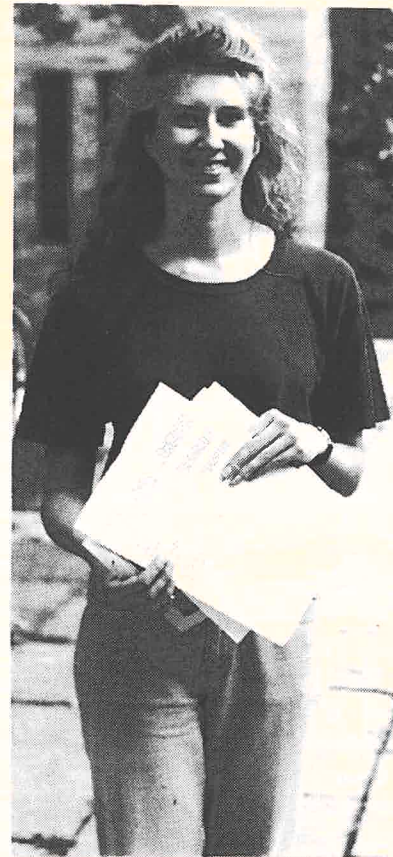

Program: M.A. Economics **Birthday:** June 30, 1970 **Previous place of study:** University of Western Ontario **Place of birth:** Niagara Falls, Ontario **Permanent Address:** 6981 Waterloo Drive, Niagara Falls, Ontario L2J 1E3 **What I wanted to be when I grew up:** A lighthouse operator in the Caribbean **What I want to be now:** A lighthouse operator in Nantucket **Most cherished moment:** Professor Saddlemyer's readings at Halloween **What I will miss most about Massey when I leave:** The bell waking me every morning at 8 a.m. **Where I will be ten years from now:** Department of Finance, Ottawa (as long as Jaspreet is still in Ottawa) **Last words:** Beth, wouldn't Ottawa be a nice city to work in?

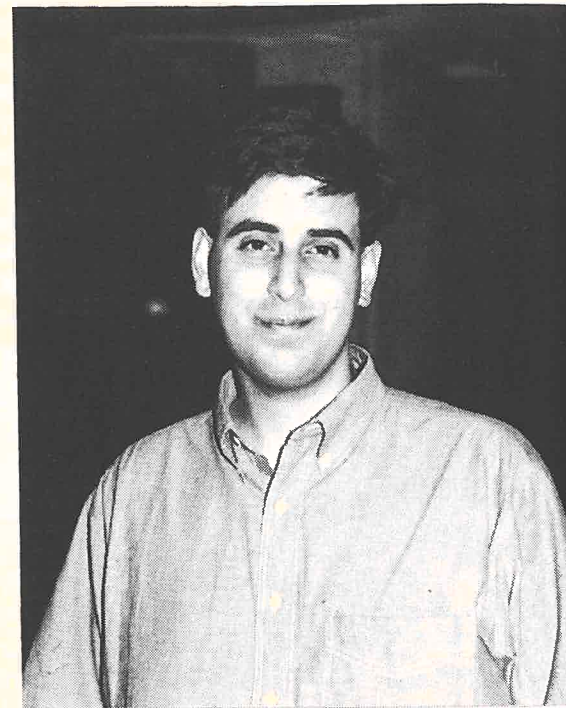

(l. to r.) Laura Hunt, Catherine Ashby, Vicki Low, Lisa Chislett and Phyllis Dalley

CATHERINE ASHBY

Program: English Literature, Ph.D. **Known as:** Cashby, "evil"
Birthday: Jan. 19, 1968 **Previous Place of Study:** University of Western Ontario, London, Ontario **Place of Birth:** Manitowadge, Ontario
Permanent Address: 4 Devonshire Place, Toronto, Ontario
Field & Research Topic: Victorian Literature
Activities: House Committee, Food Committee, Massey Bull, Yearbook, portering, recreational basketball and volleyball
What I wanted to be when I grew up: Rich, famous, talented, beautiful, smart, happy, cool and perfect
What I want to be now: Totally relaxed
First impression of Massey College: First Junior Fellows' Barbeque: "Don't tell me you have to play volleyball to cool here!"
Favourite Masseyism: No, thank you.
Favourite Massey meal: High Table
Most cherished moment: The fireworks nights last summer (except the one that was rained out).
What I will miss most about Massey when I leave: Sitting out by the fountain on summer nights; doing crosswords in front of a winter fire; Sunday night dinners out.
Where I will be ten years from now: I'll figure that out after I figure out where I'll be ten weeks from now.
If I could step into a time machine, I would visit: Myself in five years
Last words: It seems life's not that tough after all.

Lisa Backa

Steven Baljkas

STEVEN F. BALJKAS

Known as: "Star Trek" Steve "and my book on *ST:TNG* Physics should be out by Xmas!
Program: History of Science (actually, History & Philosophy of Science & Technology)
Birthday: Stardate 68-09.25 **Previous place of study:** University of Winnipeg
Place of birth: St. Boniface, MB **Permanent Address:** 423 Armstrong Ave., Winnipeg, MB, Canada R2V 1RZ (204) 338-7043
Field & Research Topic: Good question! I'm interested in the history of life sciences- history and philosophy of biology in the 19th C., especially Darwin, and medieval monastic medicine, popular vs. learned traditions (eclectic interests!)
Activities: *Star Trek* Viewing Society; ping pong; *Encounters* series; apothecary services
What I wanted to be when I grew up: A marine biologist; a space traveller (beam me out of here); a professor (? diminishing realism)
What I want to be now: happy, or at least serene (oh yes, and tenured too!)
First impression of Massey College: scenic compound with nicely kept green lawn and pretty fountain pool- peaceful, harmonious community- oh how little did I know!
Favourite Masseyism: "Bitter... oh, a tad!"
Favourite Massey meal: any one I can eat without having to ask "What is/What is in this?"; alternatively any meal since D**** departed (God bless Katherine!)
Most cherished moment: So many- but I think the top, equal three were: Elizabethan night at high table (thanks Beth!); the outing to the Islands; drinks with Steve G. and computer science co. at the Duke.
What I will miss most about Massey when I leave: the constant company of friends and their words comic and profound (certainly *not* the morning bell!)
Where I will be ten years from now: at this rate... still in graduate school working on my M.A.!
If I could step into a time machine, I would visit: (the pre-Mediterranean Sea) at Gibraltar, just as the Atlantic broke through the land and began its huge waterfall, cascading into the basin and creating what we now know as the Mediterranean Sea.
Last words: Deux mots - "The ways of wisdom are kindness and all its paths are peace" and- "Experience here must teach me what reason cannot."

DON BASSINGTHWAITE

Program: Museum Studies **Birthday:** Sept. 4, 1969 **Previous place of study:** McMaster University
Place of birth: Meaford **Permanent Address:** RR#2, Meaford, Ontario N0H 1Y0
Field & Research Topic: Communication & Visitor Interaction
What I wanted to be when I grew up: archaeologist
What I want to be now: writer
First Impression of Massey College: This place was built in the sixties, wasn't it?
Favourite Masseyism: "Five bucks: same as in town"
Favourite Massey meal: Sunday dinner
Most cherished moment: going to bed after the Christmas Ball
What I will miss most about Massey when I leave: Not having to do the dishes, not having to clean my room, the soft intimate lighting- oh, and all my friends
Where I will be ten years from now: Working on a movie deal (get real!)
If I could step into a time machine, I would visit: the future. I'd like to see what society has become, what the technology's like & what the winning lottery numbers are for the next five years
Last words: ...And they lived happily ever after

(l. to r.) Lisa Chislett, Stephen Green, Don Bassingthwaite, Stephen Powell

JOSEPH A. G. BERKOVITS

Known as: "The Silent Suitor from Hungary" **Program:** Ph.D. History **Birthday:** April 8, 1966 **Previous Place of Study:** York University **Place of Birth:** Toronto, Canada **Permanent Address:** 230 Cocksfield Ave., Downsview, Ontario M3H 3T7 **Research Topic:** Prison Life in Ontario: 1874-1915 **Activities:** L.M.F. Committee, *Star Trek* viewing club, *Massey Bull*, *Yearbook*. **What I wanted to be when I grew up:** A teacher **What I want to be now:** A writer **First Impression of Massey College:** This place looks like the Vulcan embassy! **Favourite Masseyism:** Neil Kennedy **Favourite Massey Meal:** Friday morning pancakes **Most cherished moment:** Mary Rogers as Queen Elizabeth I at Elizabethan Night **What I will miss most about Massey when I leave:** All the interesting and impressive people I lived with **Where I will be ten years from now:** Being very nostalgic about my time here.... **If I could step into a time machine, I would visit:** My parents as children

HELEN BRANSWELL

Professor Gunby and Friend

DAVID CHARLES GUNBY

Known as: David (not surprising, this) **Program:** Perhaps I should just describe myself as a Senior Resident on study leave from my University, completing, with others, a collected edition of "The Works of John Webster". **Birthday:** 15 April (1938: Good Friday. I try not to read too much into this). **Previous Place of Study:** (as a student) Universities of Canterbury (New Zealand) and Cambridge (UK). While on study leave in 1992: Christensen Visiting Fellow, St. Catherine's College, Oxford (Jan-April); Visiting Fellow, Clare Hall, Cambridge (April-August), Senior Research Fellow, Centre for Reformation and Renaissance studies, Victoria College, U of T. **Place of Birth:** Canterbury, Kent, England **Activities:** not sure how to answer this, in Massey terms! **What I wanted to be when I grew up:** I didn't know. **What I want to be now:** the University teacher of English literature that I am. **First impression of Massey College:** tradition in a fine modern building; friendliness. **Favourite Masseyism:** the conversations at breakfast and dinner! **Most cherished moment:** the surprise farewell party given for David Carnegie and me. **What I will miss most about Massey when I leave:** many things: good company, new friends; the ability to mix being alone; working in my study; or thoroughly sociable, over a meal, in the common room, or on outings. **Where I will be ten years from now:** still in Christchurch, New Zealand, I suspect, but just nine months off retirement, so looking forward to travelling, and revisiting friends and places. **If I could step into a time machine, I would visit:** England in the time of Shakespeare, John Webster, John Donne. They fascinate me perennially. **Last words:** "What does it all mean?" (Not a frivolous response, this).

BETH HABERER

Program: Medicine **Birthday:** June 7 **Previous place of study:** Williams College **Place of Birth:** Toronto **Permanent Address:** 285 St. Leonards Avenue, North York **Activities:** Basketball **What I wanted to be when I grew up:** Astronaut **What I want to be now:** Doctor **First impression of Massey College:** Very peaceful **Favourite Massey meal:** Fish & Chips **What I will miss most about Massey when I leave:** The bell at 8 o'clock in the morning. **Where I will be ten years from now:** Somewhere on the West coast. **If I could step into a time machine, I would visit:** The cretaceous-tertiary boundary around 65 million years ago. **Last words:** I'll be back too.

ROB HANKS

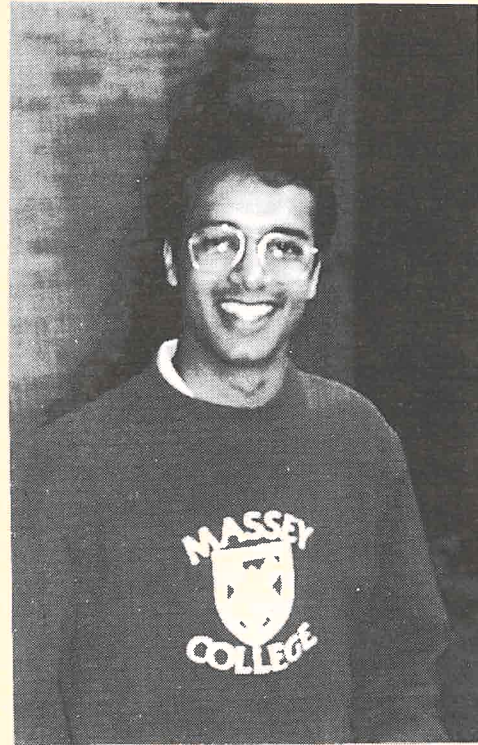

Known as: "Young" Rob, Bobbus **Program:** Ph.D. **Birthday:** 29 November 1962 **Previous place of study:** McGill, U of Winnipeg, U of Calgary **Place of birth:** Winnipeg, Manitoba **Permanent Address:** none **Field & Research Topic:** History **What I wanted to be when I grew up:** A fireman or an astronaut **What I want to be now:** Employed **First impression of Massey College:** Nice gate. **Favourite Masseyism:** Indoor soccer **Favourite Massey meal:** breakfast **Most cherished moment:** Accepted into U of T Ph.D. program in history **What I will miss most about Massey when I leave:** The Bell **Where I will be ten years from now:** Within fifteen feet of a desk **If I could step into a time machine, I would visit:** The Battle of Arbela **Last words:** "whether they realize it or not, everybody is a historian".

ELSBETH HEAMAN

Previous places of study: McGill, University of Victoria **Field & Research Topic:** Canadian History **Favourite Massey meal:** Candide's first supper in Paris "fut comme la puport des soupers de Paris: d'abord du silence, ensuite un bruit de pardes qvion ne distingue point, puis des plaisantries dont la pupart sont insipides, de fausses nouvelles, de mauvais raisonnements, un peu de politique, et beaucoup de medisance; on parle meme de livres nouveaux". **Last words:** Just kidding. We all know it's much more like New Atlantis! Thank you for three remarkable years.

LAURA HUNT

Program: Medieval Studies **Birthday:** December 29 **Previous place of study:** University of Southern California **Place of Birth:** Vermont, USA **Permanent Address:** 6536 Hanover Ct., Pleasanton, CA 94566 USA **Field & Research Topic:** English Intelligencers in the 16th Century **Activities:** reading, movies, travelling, exploring Toronto **What I wanted to be when I grew up:** astronomer **What I want to be now:** a tenured history professor **First impression of Massey College:** a lot of orange and brown **Favourite Masseyism:** Why, "Happiness is impossible", of course! **What I will miss most about Massey when I leave:** the sense of community **Where I will be ten years from now:** probably still working on my Ph.D. dissertation...ugh!

(right) Drew Jones

ARIF JAMAL

Program: Bachelor of Laws **Birthday:** July 28, 1968 **Previous place of study:** McGill
Place of Birth: Kampala, Uganda **Permanent Address:** #11 - 4100 Salish Drive,
Vancouver, B.C. V6N 3M2 **Field & Research Topic:** Law **What I wanted to be**
when I grew up: a lawyer **What I want to be now:** anything but a lawyer **First**
impression of Massey College: a welcome by a future Don walking through the quad
in the early afternoon wearing bedroom slippers (yes, I do mean Simon). **Favourite**
Masseyism: "Of course no high table would be complete..." **Favourite Massey meal:**
the soups **Most cherished moment:** informal common room meetings of the Retired
Students' Association (RSA) **What I will miss most about Massey when I leave:** the
New York Times **Where I will be ten years from now:** probably in graduate school
Last words: "The only thing I know is that I know nothing". Socrates.

ERIC JENNINGS

Known as: "force de frappe" **Program:** History MA **Birthday:** 26/07/70 **Previous**
place of study: same **Place of birth:** prefer not to reveal **Permanent Address:** 11 Deal
Ave., Toronto M4N 2S8 **Field & Research Topic:** 20th Century FRANCE **Activities:**
Ping Pong **What I wanted to be when I grew up:** a nerd **What I want to be now:**
historian **Favourite Massey meal:** "moving" roast beef **Most cherished moment:** same
as above **What I will miss most about Massey when I leave:** the camaraderie and
dinner announcements - and of course the ping pong **Where I will be ten years from**
now: difficult to say **If I could step into a time machine, I would visit:** Ancient Egypt

Eric Jennings
came to the
Halloween
Party dressed
as a Christmas
tree, complete
with electric
lights!

CHRISTOPHER A. JONES

Known as: Drew **Program:** Ph.D. - Centre for Medieval Studies **Birthday:** 29 June
1966 **Previous places of study:** Sewanee, Chapel Hill **Place of birth:** Jackson MS
USA **Permanent Address:** 2121 Sheffield Dr., Jackson MS 39211 USA **Field &**
Research Topic: Old English - Anglo-Saxon England

JASPREET K. KALRA

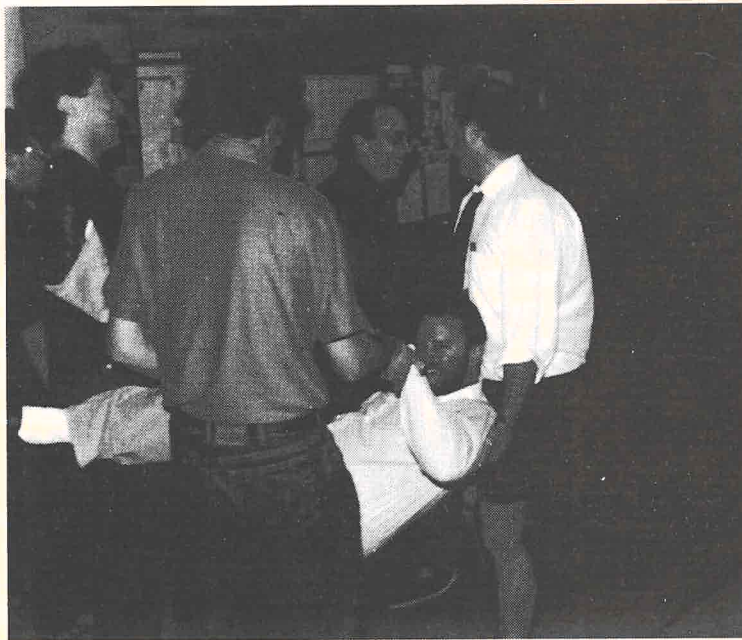

Known as: Jaspreet **Program:** Bachelor of Laws **Birthday:** June 15, 1970 **Previous**
place of study: University of Ottawa **Place of birth:** St. John's, Newfoundland
Permanent Address: Orleans, Ontario **Activities:** singing, dancing, exercise, Y & R
What I wanted to be when I grew up: doctor **What I want to be now:** lawyer
Favourite Masseyism: my gown! **Favourite Massey meal:** high table **What I will**
miss most about Massey when I leave: the bell at 8 a.m.! **Where I will be ten years**
from now: Ottawa **Last words:** I'll be back!

Jaspreet Kalra

Former Don of Hall Simon Devereaux

Right: Jo Ann Majerovich
Junior Fellows, Medicine

NEIL PATRICK KENNEDY

Known as: Neil **Program:** Ph.D. **Birthday:** 23 May 1959 **Previous places of study:** Simon Fraser University/UBC **Place of Birth:** Burnaby, B.C. **Permanent address:** Burnaby, B.C. **Field & Research Topic:** English/John Donne's Biathanatos **Activities:** Theatre, cinema, the music of the Middle Ages, Renaissance & Baroque **What I wanted to be when I grew up:** an astronaut **What I want to be now:** a professor **First Impression of Massey College:** Massive, both in its architecture and its environment **Favourite Masseyism:** The ringing of the bell each morning at 8:00 **Favourite Massey meal:** a man who can't cook for himself is under an obligation to enjoy every Massey meal. **Most cherished moment:** Elizabethan Night 1993 **What I will miss most about Massey when I leave:** The sustaining network of friendships. **Where I will be ten years from now:** in Vancouver, I hope. **If I could step into a time machine, I would visit:** London in the 1590's. **Last words:** It's still much too soon to think of such things.

SHARON LEIBA

Known as: Sharon **Program:** Ph.D. in Management **Birthday:** June 22, 1966 **Previous places of study:** Carleton (B.C.Sc.), McGill (MBA) **Place of birth:** Montreal, Canada **Permanent Address:** Massey College (for the next 2 years anyway) **Field & Research Topic:** Organizational Behaviour & Human Resource Management **Activities:** LMF Committee **What I wanted to be when I grew up:** A prof **What I want to be now:**

A prof **First Impression of Massey College:** Hey - these graduate students actually seem normal, unlike the ones who used to hang around the grad lounge at McGill (they were a bit geeky). **Favourite Masseyism:** "Turkey is just another kind of chicken" (spoken by Pierre Dube, March 17, 1993). **Favourite Massey meal:** Tuna and Rice - not **Most cherished moment:** skating at Harbourfront with fellow Masseyites. **What I will miss most about Massey when I leave:** Having such a large group of intelligent, interesting people around all the time, with whom I can sit around and play juvenile games (like Pigs) at any time. **Where I will be ten years from now:** Hopefully just one year short of tenure, somewhere on this planet. But where? Je ne sais pas. **If I could step into a time machine, I would visit:** The summer of 1989 - when I was travelling across Europe. **Last words:** "Curiouser and curiouser", said Alice.

VICKI LOW SOON AI

Program: MA Centre for Medieval Studies **Birthday:** 11 July 1968 **Previous place of study:** Oxford **Place of birth:** Singapore **Permanent address:** 87 Hillcrest Road, Singapore 1128 **Field & Research Topic:** Old English and Old Norse Lit **What I wanted to be when I grew up:** A vet **What I want to be now:** A beach bum **First impression of Massey College:** It looked bigger on the campus map. **Favourite Masseyism:** The one that C. Ashby has about pears. I can't remember what it is exactly but there's some humming involved and a lot seems to depend on the timing and delivery of the word "pears". **Favourite Massey meal:** Nachos and chilli con carne. What about orange soup? **Most cherished moment:** When vegetarians were served first, one starry night back in February. **What I will miss most about Massey when I leave:** Scrambled eggs on Wednesday mornings. **Where I will be ten years from now:** taking a sabbatical on the island of Bali. **If I could step into a time machine, I would visit:** 6th century Ireland: I want to see the boat that Brendan sailed west in.

TONY MYATT

Known as: "Hello, you've been lying low recently". **Program:** Senior Resident **Birthday:** 22nd February **Previous place of study:** McMaster Ph.D. 1981 **Place of birth:** Stoke-on-Trent, England **Permanent Address:** Dept. of Economics, UNB, Fredericton **Field & Research Topic:** Macroeconomics; gender issues in the labour market; unemployment. **What I wanted to be when I grew up:** a singer, entertainer **What I want to be now:** happy, motivated, creative. **First impression of Massey college:** a monastery with women **Favourite Masseyism:** Augustus' Monday morning greeting "Happy New Week!" **Favourite Massey meal:** porridge for breakfast! **Most cherished moments:** puddle painting with Phyllis' class **What I will miss most about Massey when I leave:** the congeniality of my fellows **Where I will be ten years from now:** despite having tenure at UNB, I have no idea. **If I could step into a time machine, I would visit:** The Holy Land at the time of Christ - just to see for myself. **Last words:** Do you mind! I'm not dead yet!

Bottom Left: Vicki Low
Bottom Right: Professor Tony Myatt

John Newton

JOHN NEWTON

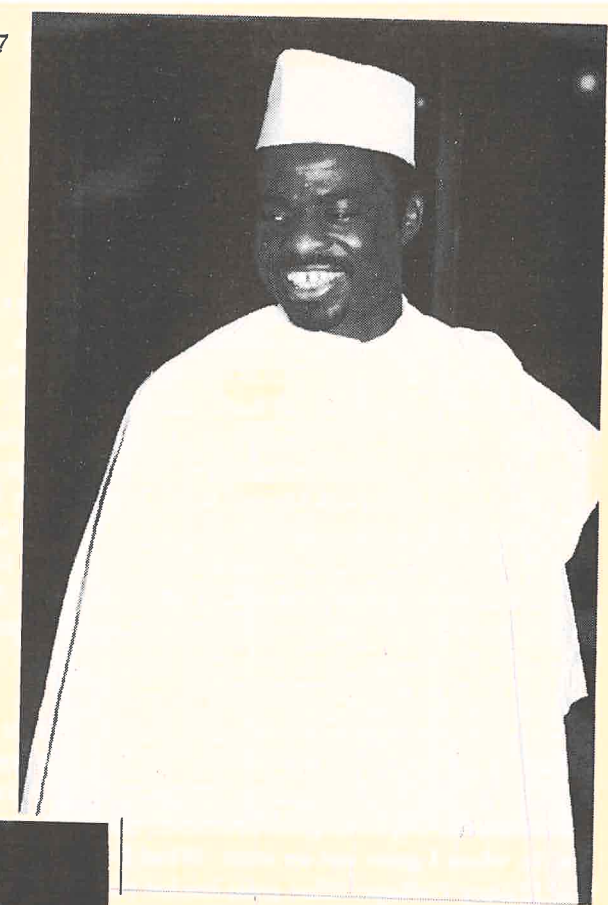

Known as: John **Program:** Environmental Geography **Birthday:** 17 June 1948
Previous place of study: Queen's (Kingston) **Place of birth:** Birmingham, England
Permanent address: 262 Robert St., Toronto M5S 2K8 **Field & Research Topic:**
 Natural Hazards Research; Coping with Flooding in Communities in Northern Canada.
Activities: Environment committee, hiking, tennis, woodworking. **What I wanted to be
 when I grew up:** Happy **What I want to be now:** happy and graduated **First
 impression of Massey College:** formal and friendly **Favourite Massey meal:** lunch
What I will miss most about Massey when I leave: the people -- all of them **Where
 I will be ten years from now:** Who knows? Employed? Following a slow but happy
 pace of life. **If I could step into a time machine, I would visit:** 2100 - what will it
 really be like? **Last words:** In a hectic world, distinguish between notion and action.

AUGUSTUS CHIDI NWAUBANI

Known as: Disgustus **Birthday:** I don't know: no records were kept. **Previous places
 of study:** Robarts, Sid Smith **Place of birth:** Upper Library **Permanent address:** J.C.
 R **Field & Research Topic:** Newspaper Studies; *The New York Times* as a
 Commonroom Interactive Forum **Activities:** Talking, laughing, walking about, lounging
 in the commonroom. **What I wanted to be when I grew up:** Resident Junior Fellow
What I want to be now: Senior Fellow **First Impression of Massey College:** A
 monastery where happiness is impossible **Favourite Masseyism:** "Happiness is
 impossible" **Favourite Massey meal:** water **Most cherished moment:** Reading *The
 New York Times* in the common room **What I will miss most about Massey when I
 leave:** "Of course, no high table will be complete without ..." **Where I will be ten years
 from now:** Any place where the people have developed a mind with scope and with
 pause **If I could step into a time machine, I would visit:** a place where people are
 tasting the fruits of their passion **Last words:** After 3 years as a resident junior fellow,
 I acknowledge the communality of the college which ensures that happiness is real here.
 I look forward for an opportunity to retaliate this hospitality.

Clockwise: Augustus
 Nwaubani, Thura
 Obouhi, Prof. Beth
 Popham, Pauline Kerr,
 Junior Fellow, Dentistry

THURA OBUOBI

Program: Gordon Fisher Fellowship **Birthday:** 23-10-59 **Previous place of study:** University of Ghana **Place of birth:** Accra - Ghana **Permanent address:** Ghana News Agency, P.O. Box 2118, ACCRA - GHANA, West Africa. **What I wanted to be when I grew up:** A diplomat **What I want to be now:** What I am **First impression of Massey College:** Behind the formidable iron gates lies some warmth **Favourite Masseyism:** Founder's Gaudy **Most cherished moment:** The Elizabethan Night **What I will miss most about Massey when I leave:** The look of the quad, the fountain and of course, the squirrels who add life to it. **Where I will be ten years from now:** Hope to be with an international organization, preferably the United Nations. **If I could step into a time machine, I would visit:** Japan and Australia **Last words:** To future Masseyites I wish to say, let the Massey tradition persevere.

ELIZABETH POPHAM

Known as: Beth **Program:** Senior Fellow, Centre for Reformation and Renaissance Studies **Birthday:** 3 August 1951 **Previous places of study:** Manitoba, Queen's **Place of birth:** Winnipeg **Permanent address:** Trent University (English Department) **Field & Research Topic:** English Literature, Elizabethan political pageantry **What I wanted to be when I grew up:** an artist **What I want to be now:** an editor **First impression of Massey College:** What great bricks! (Ceramic!) **Favourite Massey meal:** breakfast on Fridays **Most cherished moment:** meeting Queen Elizabeth after all these years **What I will miss most about Massey when I leave:** fireplaces, dancing, Sunday encounters and kibbutzing **Where I will be ten years from now:** Still in Peterborough (but that's all right!) **If I could step into a time machine, I would visit:** Kenilworth Castle, August 1575 **Last words:** Thank you for a wonderful sabbatical!

STEVE POWELL

Known as: Peeve Shallow P.C. Man **Program:** English **Birthday:** 26/10/66 **Previous places of study:** Oberlin College, Indiana University **Place of birth:** Wooster, Ohio USA **Permanent address:** 314 Reed Rd., Wooster, Ohio 44691 USA **Field & Research Topic:** Late Middle English Literature - Romance Genre. Title "Roberd of Cisely, Critical Edition and Study **Activities:** At Massey? Junior Lecture Series, Food Committee **What I wanted to be when I grew up:** Architect or Author **What I want to be now:** Employed/finished with my Ph.D. (in that order or not) **First impression of Massey College:** orange **Favourite Masseyism:** "Try it - it's kind of sweet". **Favourite Massey meal:** breakfast **Most cherished moment:** When Patrick C. asked if the first floor of House V had had the floors waxed. **What I will miss most about Massey when I leave:** Water drinking contests with Catherine and Ping-Pong. **Where I will be ten years from now:** Losing elections **If I could step into a time machine, I would visit:** The future - as far in the future as possible for continued comprehension of the language. **Last words:** There will be cookies.

Left: Rob Prince as a "lonely castaway"

Right: "A Frere there was, a wantowne and a merue."

*ROBERT STANLEY PRINCE*

Known as: Rob **Program:** Ph.D. History (Canadian) **Birthday:** June 9, 1965 **Previous place of study:** Lifetime inmate of the U of T **Place of birth:** Toronto (and not ashamed to admit it!) **Permanent address:** 225 Lynedock Crescent, Don Mills, Ontario M3A 2B5 **Field & Research Topic:** Images of the First World War in Canadian Daily Newspapers **Activities:** Notorious pack rat (collecting radios, telephone pole insulators, coins, pinball machines); movie buff and golf nut. **What I wanted to be when I grew up:** Grown up **What I want to be now:** A kid (but I'll settle for being a history professor) **First impression of Massey College:** "Wow! A building designed in the 1960's that doesn't look like Sidney Smith Hall..." **Favourite Masseyism:** A rhetorical question we all hope will never be answered: "What high table would be complete without the Junior Fellows?" **Favourite Massey meal:** ABCL (Anything But Chicken Legs) **Most cherished moment:** a) of 1993: Being Gilligan b) of all my years at Massey: the first time I met my girlfriend, Alexis, at the College gates (cue the violins, please). **What I will miss most about Massey when I leave:** All those great LMF events (and no, I was not paid to say that...) **Where I will be ten years from now:** Teaching introductory Canadian history to the students of Ontario State University **If I could step into a time machine, I would visit:** The newsroom of the Montreal Star in 1917 **Last words:** There once was a fellow named Prince, Whose words used to make people wince. Then to Massey he came; Things were never the same - He's been writing like this ever since!

STEPHANIE POTTER

Known as: Steph **Program:** Sociology **Birthday:** Oct. 3, 1968 **Previous places of study:** UWO; University of St. Andrew's, Scotland. **Place of birth:** Tenlon, Manitoba **Permanent address:** 64 Aylmer, Ottawa, Ontario K1S 2X3 **Field & Research Topic:** Ethnicity and don't know **What I wanted to be when I grew up:** Figure Skater **What I want to be now:** A scuba instructor **First impression of Massey College:** Hated the building (!!) was expecting turrets! - found the gowns pretentious; now I find them warm! **Favourite Masseyism:** "Sex is the only thing Masseyites do alone". **Favourite Massey meal:** Squares at lunch **Most cherished moment:** When the volleyball team won a match **What I will miss most about Massey when I leave:** The early morning 8 o'clock bell that resonates in my chest cavity **Where I will be ten years from now:** WORKING!!! (or writing my comps ... depends) **If I could step into a time machine, I would visit:** The Big Bang, but only as an observer **Last words:** Our Nature Lies in Movement; Complete Calm is Death. Pascal - *Pensées*

MARY M. ROGERS

Program: Ph.D. - Centre for Medieval Studies **Birthday:** long ago **Place of birth:** Far away **Previous places of study:** U of Toronto, Seton Hall University **Permanent address:** Great Barrington, Massachusetts **Field & Research Topic:** Medieval Literature in England **Activities:** Walking, reading, thinking, staring into space, listening to music (preferably Bach or birdsong) **What I wanted to be when I grew up:** a card carrying member of the Newberry library **What I want to be now:** finished with my Ph.D. and tenured **First impression of Massey College:** oasis **Favourite Masseyism:** "Are there any other announcements?" **Favourite Massey meal:** The next one **Most cherished moment:** the spontaneous snowball fight in the quad just before Christmas **What I will miss most about Massey when I leave:** the conversations **Where I will be ten years from now:** Nightmare version "A" - still writing my dissertation. Nightmare version "B" - living in New Jersey. Dream version: in Oxford on sabbatical **If I could step into a time machine, I probably wouldn't.** **Last words:** "Quis est iste involvens sententias sermonibus imperitis?" Job, 38:2.

ANN SADDLEMIER

Known as: sometimes on formal occasions known as the Master, but mostly just Ann. **Program:** Drama and English (professional student) **Birthday:** I'm a Sagittarian. Need I say more? **Previous places of study:** Saskatchewan, Queen's, London (England), and a lot of places in between, including the Weyburn Mental Health Hospital. **Permanent Address:** seems to be Massey! **Field & Research Topic:** many, including Canadian and Irish theatre history, the biography of George (Mrs. W.B.) Yeats and learning how to raise funds. **Activities:** all the above, including all the LMF events I can get to; the Master's buffet suppers; the Ball; the Gaudy; and of course, every High Table! **What I wanted to be when I grew up:** a writer, and a jazz pianist (not mutually exclusive) **What I want to be now:** the same thing **First impression of Massey College:** awe not unmixed with terror **Favourite Masseyism:** who's writing the next chapter? **Favourite Massey meal:** vegetarian, what else? **Most cherished moment:** when the Bursar reports that the books are balanced for the year **What I will miss most about Massey when I leave:** everybody! **Where I will be ten years from now:** lecturing in some country I've never been to before **If I could step into a time machine, I would visit:** Isabella

Vicki Low and
Anindya Sen

Orran Krieger,
Junior Fellow,
Electrical
Engineering &
alumna Zuzu
Gaddalah

Andreini's commedia dell'arte company on tour in Italy; Aphra Behn on the town in London or Amsterdam; Bernard Shaw at the first meeting of the Fabian Society; Paracelsus; early Crete and Vincent Massey to ask him why he didn't think of an elevator. **Last words:** It has been a great year, thanks to you all!

KOTARO SAKAI

Known as: Kotaro **Program:** Ph.D. in Physics **Birthday:** 30 August **Previous place of study:** Nagoya University (Japan) **Place of birth:** Japan **Field & Research Topic:** Global Ocean Circulation and Climate (esp. during the Ice Age) **What I wanted to be when I grew up:** a teacher **What I want to be now:** a scientist **Where I will be ten years from now:** probably in Japan

ANINDYA SEN

Known as: Anindya **Program:** Ph.D. Economics **Birthday:** 1st April 1969 **Previous place of study:** Concordia University, Montreal **Place of birth:** Saskatoon **Permanent address:** 1530 Docteur Penfield, Apt. 500, Montreal, P.Q. H3G 1C1 **Field & Research Topic:** Law & Economics **Activities:** Volleyball, Soccer, East Indian Cultural Activities **What I wanted to be when I grew up:** Marine **What I want to be now:** ?? **First impression of Massey College:** AWESOME! **Favourite Masseyism:** playing indoor soccer and volleyball, a la Massey style. **Most cherished moment:** When Steve Green admitted that I did a better rendition of "The Love Boat" than him! **What I will miss most about Massey when I leave:** Buddies! **Where I will be ten years from now:** Your guess is as good as mine! **If I could step into a time machine, I would visit:** Cleopatra **Last words:** Success ain't easy!

ROSELYN E. STONE/ SEI'UN AN

Known as: Rohz-Iun **"Program":** Facing the wall (i.e. Zen practice) **Birthday:** 8 February '31 **Previous places of study:** U of T; UC Berkeley; University of Southern California; Kamakura, Japan **Place of birth:** St. Thomas, Ontario **Permanent address:** no fixed abode. Can always be reached via Massey. **Field & Research Topic:** Spirituality and meditation in general; Zen in particular. **Activities:** swimming, walking, knitting, laughing, talking... **What I wanted to be when I grew up:** engineer **What I want to be now:** wise old crone **First impression of Massey College:** elegant place, elegant minds, friendliness over all. **Favourite Masseyism:** the mutual trust to be found here **Favourite Massey meal:** Well--as I needn't prepare them, they all look good to me! **Most cherished moment:** looking out upon the quad late at night under a blanket of fresh snow gently illuminated here and there by the light of "midnight oil" burning. **What I will miss most about Massey when I leave:** the conversations and high-octane dining table badinage **Where I will be ten years from now:** Oh...facing a wall, somewhere. **If I could step into a time machine, I could visit:** the year 42761.3 (or so) to see if Gene Roddenberry had it at all right. **Last words:** one phrase after another ... each moment refreshing (-"A Zen Forest"-16th)

ANDREAS WARBURTON

Known as: many things... **Program:** Ph.D. **Birthday:** August 18, 1968 **Previous place of study:** University of Victoria **Place of birth:** Victoria, B.C. **Permanent address:** 2848 Dufferin Ave., Victoria, B.C. V8R 3L7 **Field & Research Topic:** Experimental High Energy Subatomic Physics - Exclusive Hadronic Weak Decays of Beauty Mesons **Activities:** Massey Soccer, Volleyball **What I wanted to be when I grew up:** motorcycle policeperson and chemist **What I want to be now:** just happy **Favourite Massey meal:** fish sticks **Most cherished moment:** the time a distinguished academic told me that prematurely graying hair is caused by a virus. **What I will miss most about Massey when I leave:** its diversity **Where I will be ten years from now:** In 2003, I hope! **If I could step into a time machine, I would visit:** Planck's Hell

NING ZHANG

Program: Ph.D. **Birthday:** August 31 **Previous place of study:** P.R. China **Place of birth:** Inner Mongolia, P.R. China **Permanent address:** 2-7 Tiexi 34, Guilin, 541002, P.R. China. **Field & Research Topic:** Linguistics **What I wanted to be when I grew up:** scientist **Favourite Masseyism:** community spirit; High table **Favourite Massey meal:** any lunch **Most cherished moment:** I got help for my language investigation. **What I will miss most about Massey when I leave:** Friendship and cooperation **Where**

I will be ten years from now: I really don't know. But I don't like to stay in one place for all my life. **Last words:** I like Massey very much!

QING-RUI XU

Program: Management Education of CIDA Program **Birthday:** 1930, 29 January
Previous place of study: Shanghai Chaio-Tung University **Place of birth:** Jiangsu, China
Permanent address: School of Management, Zhejiang University, Hangzhou, P.R. China 310027
Field & Research Topic: Management Sciences, Strategy Management & R&D Management
Activities: Cooperative Research with Faculty of Management (U of T)
What I wanted to be when I grew up: Make contribution to Mankind. **What I want to be now:** A good teacher for students, helping them grow up.
First impression of Massey College: Excellent environment for study and research
Favourite Masseyism: Environment, people and room with UT Link facility in-house
Favourite Massey meal: breakfast **Most cherished moment:** early quiet morning
What I will miss most about Massey when I leave: Good environment
Where I will be ten years from now: My motherland (CHINA) **If I could step into a time machine, I would visit:** U T and Massey again
Last words: Keep your culture and environment forever.

PIOTR ZEMBROWSKI

Program: Ph.D., Year I **Birthday:** Feb. 25th, 1966 **Previous place of study:** Warsaw University
Place of birth: Lublin, Poland **Permanent address:** ul. K. Tumidajskiego 8m.2, 20-247 Lublin, Poland.
Field & Research Topic: Astronomy, Evolution of Cosmological Density Fluctuations
Activities: Photography, singing
What I wanted to be when I grew up: an astronaut or at least an astronomer
What I want to be now: MYSELF
First impression of Massey College: *BLACK* squirrels?!!!
Favourite Massey meal: Jambalaya...NOT!
Most cherished moment: Winning Karaoke contest - it revived my old dreams about becoming a musical star.
What I will miss most about Massey when I leave: not having to make my bed every morning
Where I will be ten years from now: God knows.
If I could step into a time machine, I would visit: Isaac Newton, and I would teach him general relativity.
Last words: More light

Jeff McNairn, Cisa Chislett, Rob Thompson, Timothy Jenks, Tim's friend Kathryn, Kelly McKinley and her date John.
